

POST OFFICE HOMEPHONE PRICELIST - NUMBER RANGES FOR CALLS TO NON GEOGRAPHIC SERVICES INCLUDING PREMIUM RATE NUMBERS, MOBILES and SPECIALISED SERVICES

Number Range Tables. Version 3 correct at 14 April 2013.

Calls to non-geographic numbers - mobiles and number translation services including premium rate and fixed fee numbers.

Dialled numbers that begin 084 (except 0845) are charged as Specialised Services Lower Rate. Dialled numbers that begin 087 (except 0870) are charged as Specialised Services Higher Rate. For all other non-geographic dial codes there is a charge band. To find out how much it costs to call a particular non-geographic number, you'll need to know which charge band the dial code fits into. To do this, follow the steps below.

1. Obtain the dial code (Number Range) for the number you want to call or as it appears on your bill and look it up in the tables below.
2. The dial code (Number range) will have a charge band associated with it.
3. Now refer to the Pricing Tables Tariff and you will see each of the charge bands, with the call costs including the pence per minute rate and the call set-up fee.
