Keeping your Number (Number Porting)

In most cases, we can help bring your existing phone number over to Post Office – this is sometimes referred to as "Number porting". When you place your order we'll let you know if this is possible along with the expected time frames and dates when this will be switched over by. This is normally the **go live date** specified in the welcome letter we send to you a few days after you join. If Post Office is unable to switch your number over by the agreed date, you may be eligible for compensation as described below. This compensation will be applied as a credit on your account and you should be able to see this on your first bill.

If we told you that you can keep your number but:

- Number porting is delayed by more than **one business day after your service has gone live**: you are entitled to compensation of £2.50 per calendar day (with a maximum cap limit of £30). The number of days of compensation is calculated from the number porting completion date we communicated to you up until the date when the number porting was actually completed. This does not apply if the service has not gone live as it will be dealt with separately.
- Number porting now **cannot be completed due to network or other issues and your service has gone live**: You are entitled to compensation of up to £30. You may also choose to cancel your contract and early termination charges will not apply.

You will not be entitled to claim compensation if, in Post Office's reasonable opinion:

- someone other than Post Office causes a delay or prevents Post Office from porting your number;
- the number has been ported by the Port Date but any other part of the Service, such as, but not limited to voicemail, is unavailable.
- the failure to port number is beyond Post Office's reasonable control

If we can't transfer your number, we'll let you know and provide you with the option to get a new one. Our Customer support team will be in touch with you if we experience delays or unable to port your number due to network issues.

Early Termination Charge (ETC) – Post Office® Home Phone and Post Office® Broadband

The amount you're charged for an ETC depends on the remaining term of your Agreement and the package you have subscribed to.

When you sign up to Post Office® Broadband Service, a Minimum Term will apply to your Agreement which will be 12, 18 or 24 month depending upon the package you have signed up to as described on page 1 (or if you have signed up to Post Office® Broadband Service before 12th Nov 2018 please see page 6).

If you sign up to Post Office® Home Phone Service from 1st February 2019 onwards, then no Minimum Term will apply and there are no Early Termination Charges. If you have signed up to Post Office® Home Phone Service before 1st February 2019 (please see page 6) then a Minimum Term will apply to your agreement.

If you cancel your Service within this Minimum Term you will have to pay an Early Termination Charge. The tables below show how much you're charged for each month remaining on the Minimum Term applicable to your existing Agreement. Below the table are examples of how this is calculated. If you cancel your Service after the Minimum Term applicable to your Agreement has elapsed, no Early Termination Charge will be payable.

For exceptions where this charge may be waived please see our Terms & Conditions available at www.postoffice.co.uk/broadband-phone/terms.

If you have any questions and wish to discuss this further, please call our Customer Service team on **0345 600 3210** who will explain what Early Termination Charge is applicable to you. We will also write to you advising you of the charges applicable for terminating the Agreement early. Calls to our Customer Service team on **0345 600 3210** are free of charge at all times from an active Post Office® Home Phone line.

Action	Current Package	Monthly Early Termination Charge (for packages without Line Rental Saver)	Monthly Early Termination Charge (for packages with Line Rental Saver) ²
Cancellation of Service whilst still in Minimum Term applicable to your Agreement	Post Office® Home Phone	£7.20	£0.00
	Post Office® Home Phone with Broadband Essential	£11.20	£4.00
	Post Office® Home Phone with Broadband Premium	£13.60	£6.40
	Post Office® Unlimited Fibre Broadband	£19.50	£12.30
	Post Office® Unlimited Fibre Broadband Plus	£24.50	£17.30

Please note that we calculate your Early Termination Charge based on the number of months and days remaining in the Minimum Term applicable to your Agreement after the effective date of termination of your Service. Please see few examples below which explain this:

Example

If you are a Post Office® Unlimited Broadband customer on a 18 months Minimum Term applicable to your Agreement that commences on 1st April 2018 and the Service is terminated on 15th January 2019, you would be required to pay £115.96.

Here's how we arrived at this figure of £115.96 :

From the table above the monthly Early Termination Charge applicable for Post Office® Unlimited Broadband is £13.60.

Accordingly, the Early Termination Charge (ETC) for Post Office® Unlimited Broadband for the period 16th January 2019 to 30th September 2019 will be calculated as shown below:

a. The Early Termination Charge applicable for the period **16th January 2019 to 31st January 2019** = $(£13.60 / 30.4^{\text{th}}) \times 16 \text{ days} = £7.16$

^aWhere 30.4 is the average number of days in a month used by Post Office® for the calculation of Early Termination Charge purpose.

b. The Early Termination Charge applicable for the period **1st February 2019 to 30th September 2019** = $£13.60 \times 8 \text{ months} = £108.80$

TOTAL amount of Early Termination Charge applicable for the period **16th January 2019 to 30th September 2019** (adding the amount from a and b above) = $£7.16 + £108.80 = £115.96$

Note:

1. The Early Termination Charge will apply when you cancel your Service (whilst you are still in Minimum Term applicable to your Agreement) for any of the reasons below:

- You have asked us to cancel the Service
- We have received notification from other Service Provider that they want to take over your line
- You are moving home and do not want to take the Service with you
- Change of responsibility to a new owner (excluding Change of responsibility to spouse in which case no Early Termination Charge will apply)
- We have terminated your Service due to abuse of Service by you where you are in breach of your Agreement or your non-payment of a bill.

2. The Line Rental Saver(LRS) product is not available for new sale/add-on/renewal anymore. For the customers who have already got LRS product can keep it until its expiry when they will be switched back to monthly line rental. We do not refund any part of Line Rental Saver paid in advance by you.

Please call our Customer Service team on **0345 600 3210**[^] if you want to know what downgrade fee is applicable to you. We will also write to you advising you of the charges applicable for downgrading the package. 	Post Office® Unlimited Fibre Broadband Plus 24M**	Post Office® Unlimited Fibre Broadband Plus 12M/18M	£17.30

Note:

* These are the legacy packages no longer available for new sale

** For the customers who want to downgrade contract length within the same package if the period remaining on the existing contract is higher than the new contract length then ETC will apply for the difference between the two e.g. if the customer is on a 24 month contract on Post Office® Unlimited Broadband wants to move to 12 month contract within the same package but still has 17 month remaining on existing contract then ETC will apply for the 5 month period.

[†] In case of Home Move where the customer had Post Office® Home Phone with 12M Minimum Term Service previously and is still in agreement the ETC charges will not be applicable as long as they sign up to any of the Post Office® Broadband or Post Office® Home Phone Service available at the new address.

Example - If you are a Post Office® Unlimited Broadband customer on a 18 month Minimum Term applicable to your Agreement that commences on 1st April 2018 and following your request the Service is downgraded to Post Office® Home Phone only on 15th March 2019, you would be required to pay £88.76.

Here's how we arrived at this figure:

From the table above the monthly downgrade fee applicable for Post Office® Unlimited Broadband to Post Office® Home Phone is £13.60

Accordingly, the fee for downgrading from Post Office® Unlimited Broadband to Post Office® Home Phone only for the period 16th March 2019 to 30th September 2019 will be calculated as shown below:

a. The downgrade fee applicable for the period **16th March 2019 to 31st March 2019** = (£13.60 / 30.4*) x 16 days = £7.16

*Where 30.4 is the average number of days in a month used by Post Office® for the calculation of downgrade fee purpose.

b. The downgrade fee applicable for the period **1st April 2019 to 30th September 2019** = £13.60 x 6 months = £81.60

TOTAL amount of downgrade fee applicable for the period **16th March 2019 to 30th September 2019** (adding the amount from **a** and **b** above) = £7.16 + £81.60 = £88.76

Legacy packages no longer available for new sale (including those with inclusive Weekend call plan)
